

## WHY CHOOSE US

Elevate your body contouring capabilities and boost revenue with the nuFORM—an advanced EMS-based system designed for full-body muscle activation, fat loss, toning, and transformation. With 16 independent handles and customizable protocols, this powerhouse delivers consistent results without compromising comfort or efficiency.

- ✓ The nuFORM is non-invasive, painless, and designed to be safe for most clients. However, a consultation is recommended to rule out any contraindications.
- ✓ Patients often report improved muscle tone, strength, and visible definition within 2 weeks. Results continue to improve over time with repeated use and healthy habits.
